THE INTERNAL REVENUE ACT.

Laws of the United States.

Passed at the Second Session of the Thirty-seventh Congress.

[PUBLIC ACT No. 97.]
[Continued.]

An Act to provide internal revenue to support the Government and to pay interest on the public debt.

Sec. 16. And be it further enacted, That the [illegible] assessor of each collection district [illegible] shall, immediately after the expiration of the [illegible] for hearing appeals [illegible] articles, taxes, or licenses [illegible] liable to be assessed, make out lists containing the sums payable according to the provisions of this act upon every object of duty or taxation in and for each collection district, which lists shall contain the name of each person residing within the said district, owning or having the care or superintendence of property lying within the said district which is liable to the said tax, or engaged in any business or pursuit requiring a license, when such person or persons are known, together with the sums payable by each; and where there is any property within any collection district liable to the payment of the said duty or tax, not owned or occupied by or under the superintendence of any person resident therein, there shall be a separate list of such property, specifying the sum payable, and the names of the respective proprietors, where known. And the assessor making out any such separate list shall [illegible] persons liable to pay [illegible] the place of business or residence of the [illegible] of property liable by persons [illegible] to the end that the taxes assessed under the provisions of this act may be paid within the collection district where the persons liable to pay the same reside or may have their principal place of business. And in all other cases the said assessor shall [illegible] to the collectors of the several collection districts, respectively, within ten days after the time [illegible] appeals, and from time to time thereafter [illegible], a certified copy of such list or lists for their proper collection districts, and in default [illegible] performance of the duties enjoined upon assessors by this section they shall severally and individually forfeit and pay the sum of five hundred dollars to the use of the United States; and, moreover, it shall be in the power of the Commissioner of Internal Revenue to exonerate any assessor as aforesaid from such forfeiture, in whole or in part, as to him shall appear just and equitable.

Sec. 17. And be it further enacted, That there shall be allowed and paid to the several assessors [illegible] assessors for their services [illegible] to each assessor three dollars for every day employed in making the necessary arrangements and giving the necessary instructions to the assistant assessors for the valuation; and five dollars per day for every day employed in hearing appeals, [illegible] and making out lists [illegible] to the provisions of this act, and [illegible] for every hundred taxable persons contained in the tax list as delivered by him to the collectors, and forwarded to the Commissioner of Internal Revenue, [illegible] assistant assessor three dollars for every day actually employed in collecting lists and making valuations, the number of days necessary for that purpose to be certified by the assessor and approved by the Commissioner of Internal Revenue, and [illegible] dollars for every hundred taxable persons contained in the tax list, as completed and delivered by him to the assessor. And the said assessors and assistant assessors, respectively, shall also be allowed their necessary and reasonable charges for stationery and blank books used in the execution of their duties; and the compensation herein specified shall be in full for all expenses not otherwise particularly authorized: Provided, That the Secretary of the Treasury shall be and he is hereby authorized to fix such additional rates of compensation to be made to assessors and assistant assessors in the States of California and Oregon and the Territories as may appear to him to be just and equitable in consequence of the greater cost of living and travelling in those States and Territories, and as may in his judgment be necessary to secure the services of competent and efficient men: provided, the rates of compensation thus allowed shall not exceed the rates paid to similar officers in such States and Territories, respectively. In case where a collection district embraces more than a single Congressional district the Secretary of the Treasury may allow [illegible] assessors such compensation as he may deem proper.

Sec. 18. And be it further enacted, That each collector, on receiving a list, as aforesaid, and from time to time as such lists may be received from the said assessors, respectively, shall subscribe three receipts, [illegible] of which shall be given on a full and correct copy of such list, which list shall be delivered by him to, and shall remain with, the assessor of his collection district, and shall be open to the inspection of any person who may apply to inspect the same; and the other two receipts shall be given on aggregate statements of the lists aforesaid, exhibiting the gross amount of taxes to be collected in his collection district, one of which aggregate statements and receipts shall be transmitted to the Commissioner of Internal Revenue, and the other to the First Comptroller of the Treasury; and all lists received from time to time, as aforesaid, shall be in like form and manner transmitted as aforesaid.

Sec. 19. And be it further enacted, That each of said collectors shall, within [illegible] days after receiving his annual collection list from the assessors respectively, as aforesaid, give notice, by advertisement published in each county in his collection district, in one newspaper printed in such county, if any such there be, and by notifications to be posted up in at least four public places in each county in his collection district, that the said duties have become due and payable, and state the time and place within said county at which he will attend to receive the same, which time shall not be less than ten days after such notification; and all persons who shall neglect to pay the duties and taxes so as aforesaid assessed upon them to the collector within the time specified, shall be liable to pay ten per centum additional upon the amount thereof, due notice of which liability shall be stated in the advertisement and notification aforesaid. And with regard to all persons who shall neglect to pay as aforesaid, it shall be the duty of the collector, in person or by deputy, within twenty days after such neglect, to make a demand, personally, or at the dwellings or usual places of business of such persons, if any they have, for the amount of said duties [illegible] [illegible] less than ten nor more than twenty days from the date of such notification, and the place proposed for sale shall not be more than five miles distant from the place of making such distraint: Provided, That in any case of distraint for the payment of the duties or taxes aforesaid, the goods, chattels, or effects so distrained shall and may be restored to the owner or possessor, if prior to the sale payment of the amount due, or tender thereof shall be made to the proper officer charged with the collection of the full amount demanded, together with such fee for levying, and such sum for the necessary and reasonable expenses of removing, advertising, and keeping the goods, chattels, or effects so distrained as may be prescribed by the Commissioner of Internal Revenue; but in case of non-payment or tender, as aforesaid, the said officers shall proceed to sell the said goods, chattels, or effects at public auction, and shall and may retain from the proceeds of such sale the amount demandable for the use of the United States, with the necessary and reasonable expenses of distraint and sale, and a commission of [illegible] per centum thereon for his own use, rendering the overplus, if any there be, to the person whose goods, chattels, or effects shall have been distrained: Provided, That there shall be exempt from distraint the tools or implements of a trade or profession, one cow, arms, and provisions, and household furniture kept for use, and apparel necessary for a family.

[To be continued.]

The Dictator, Captain Ericsson's New Ship.—The *Dictator* is the name chosen by Captain Ericsson for his monster iron-clad vessel, to which he is about to devote all his skill and energy. She will be of immense size and strength, larger than the *Persia* or *Niagara*, and bearing heavier and thicker armor than almost two ordinary iron-clads.—The side armor will be of the extraordinary thickness of ten and a half feet thick: the wooden armor, or "lining," being four feet by six feet thick, up and down. The ball that can penetrate nearly fifteen feet of solid material, of which ten and a half will be iron, can hardly be moulded in the South. It would require all the balls in rebeldom to make it.—*N. Y. Evening Post, Sept. 8th.*

The Representatives.—Horace Greeley says, in the course of an article in the N. Y. *Independent*:

Jefferson Davis, liberally educated at the public expense, nearly ever since in the receipt of a comfortable income from the Federal Treasury, and enriched by the unpaid industry of scores of benighted, squalid slaves, and Abraham Lincoln, the poor widow's son, kept [illegible] to earn by rugged labor the living of the family, and qualifying himself for the position successively of land surveyor and lawyer by solitary studies after the close of his daily toil, are the fit representatives of the respective systems now grappled in fierce hostility and struggling for the victory which must necessarily prove final.

Notice.

MINING SUCCESS.—Gen. McCarver [illegible] from Powder river showed us a [illegible] the richest specimen of quartz gold we have ever seen before, which he states was taken [illegible] Carter's claim [illegible] Powder river, a few days before he left. The chunk weighs about 16 [illegible] give it as their opinion that [illegible] two thirds of its weight is gold, so that the chunk contains about $125. Gen. McCarver states that several other chunks of quartz have been recently picked up in that locality, one of which is much larger and richer than this, and that the general opinion of experienced miners is that the mines of Powder river are equal to the best mines of California in 1848-9. No main quartz lead has as yet been discovered, but the presence of such specimens as the one shown us, fully establishes the belief that there is more of the same sort not far off.—Miners who have claims in that locality all appear sanguine of realizing a rich harvest as soon as water, which at present is scarce, can be obtained to wash the dirt. The scarcity of water also prevents thorough and satisfactory prospecting, as there are but a few small streams which afford but a meager supply, and it is believed the best diggings are what are termed "hill or dry diggings." Most of the miners are now engaged in cutting sluice boards and building winter quarters. There is an abundance of timber of excellent quality for all necessary purposes. Traders are storing large quantities of provisions for the winter in those mines, and no fear need be apprehended about the chances for "grub." We may expect a rich return of gold from this region during the ensuing season. The weather so far has been quite pleasant and hopes are entertained that mining can be carried on during the coming winter months.

NEWS FROM THE EMIGRANT ROAD.—Dates from Lieut. Col. Maury's command as late as the 22d ult. have been received by express at Fort Walla Walla. He was then encamped on the Brannean river. His command had extended its scouts as far east as forty miles above Salmon Falls. He reports that the emigration to Oregon and Washington Territory this Fall amounts to about thirteen hundred wagons with eight thousand people. The principal trouble encountered from Indians was on Raft river, and east of Fort Hall.

Capt. Crawford, commanding the escort from Omaha City, met the Oregon Cavalry on the 8th of September, near Salmon Falls, and reported that in his opinion he had the last of the emigration with him.

Col. Maury would continue his scouts in the vicinity of his camp until the 28th of September, and then start for Walla Walla.

The expressman passed Capt. Crawford on Owyhee river. He had with him one hundred wagons. He had supplied a good many destitute families with provisions. He expected to be at Walla Walla by the 15th October.

MORE STEAMERS.—We hear that Captain Fleming, of the steamer *Eliza Anderson*, which has been running during the summer on Puget Sound, between Olympia and Victoria, has purchased the steamer *Maria*, and intends taking her machinery out and putting it into a new hull above the Cascades, and then bringing the *Anderson* around to run between this city and the Cascades, connecting with a line of steamers on the upper Columbia to Lewiston. We hope the enterprise may be perfected, as the gentlemen connected therewith are thorough going practical business men and will continue to furnish cheap, comfortable and convenient means of transportation to the traveling public in that direction. May success attend them.

PICKED UP.—Yesterday evening while the Committee on Streets, &c. were examining the proposed grade of the Public Square, some person picked up from the side walk, at Dr. Weatherford's corner, a plat of grades, with an iron key lying thereon. The person having the plat and key in possession will confer a favor by leaving them at the *Oregon Farmer Office*.

THANKS.—To our good friend Mr. H. B. Parker, Sergeant at Arms of House Oregon Legislature, for copies of bills before the Legislature, and other valuable and interesting documents and items.

Another Ferry Boat is in course of construction at upper ferry landing by Mr. Knott. It is to be propelled by horse power and will doubtless do good service in setting travelers across the [illegible] Willamette.

FOOLISH NONSENSE.—Trying to revive the defunct remains of the Portland *Advertiser*. Doctor, you have a hopeless job.

The Jews of Syracuse, New York, are moving. In one day over $2,000 were subscribed for a recruiting fund and 13 volunteers enrolled for an Israelite company. Every volunteer will receive an additional bounty, [illegible] Government, State, County and Ward, of at least $20.

The newspaper carriers of San Francisco have subscribed $520 to the Patriotic Fund.

GRANITE CREEK MINES.—The irrepressible [illegible] Day came [illegible] from the Granite Creek mines on Sunday. He reports the miners doing well and returns immediately with supplies for his party. Several hundred claims have been taken up on the Creek, and all are paying [illegible] Companies of three and four men are taking out all the way from $500 to $5,000 per week. [illegible] has with him some [illegible] taken from Olive Creek which are really beautiful. Three claims adjoining [illegible] Day, that a few weeks back were [illegible] for $1,200, are now yielding $600 a day to the claim. A town called Pleasant City has been laid out on Granite Creek. Some 18 or 20 houses are already built, and many more will go up before the winter season. They have to whip-saw all the lumber, and the high price of this operates as a damper on improvements. It would pay an enterprising man to take a portable saw mill to Granite Creek. Timber is abundant and all that they require is the machinery to convert the logs into boards. Provisions are [illegible] Flour is held at $7.50 per sack, and other articles in proportion.—*Mountaineer*, 7th.

LOYAL AMERICANS IN EUROPE.—The London correspondent of the [illegible] describing the Northerners in London, says:

The *[illegible]* of our press and public continues to afford great entertainment, not unmixed with another feeling which need not be defined, to the friends of the Federals in London. At a time when the eulogists of the Confederates are representing the Unionists as bankrupt in [illegible] and broken in spirit, the agents of the North are quietly buying in London with cash in hand—not shinplasters or other monetary makeshifts, but golden sovereigns and Bank of England notes—large quantities of indigo for the uniforms of armies to be raised next year, and for years after that again if it shall be necessary. IN CITY COUNCIL.—The City Council met last evening at usual hour. President Risley in the Chair. Absent, Mr. Denison.

This being the first meeting in the new quarter, the reports of doings of city officers for last quarter were received and read.

Bills to the amount of several hundred dollars were presented against the city, most of which were allowed; and as the Treasurer [illegible] ted only a little over three hundred dollars in the Treasury, we are confident that the city is largely in debt.

An ordinance to license hotel-keepers and porters was passed; and a substitute for ordinance relative to a wharf at foot of Pine street, accepted in place of original. A resolution was also passed relative to the grading of the Public Square, requiring the same to be let out to the lowest bidder, after publication of notice.

A motion was carried to go into election of Councilmen for Second Ward to fill the vacancy occasioned by the resignation of Mr. J. [illegible] Breck. Mr. S. Pennoyer was placed in nomination, and the Council not being able to think of any one else living in that Ward whom it was probable would serve if elected, a ballot was had in which Mr. Pennoyer received four votes, Judge Deady two, and blank one. The President decided that it required a majority of all the members of the Council to elect; hence, there was no election. An appeal was taken from the decision of the Chair, and the Chair was sustained.

EMIGRANTS.—We notice quite a number of late emigrants in the city, most of whom are [illegible]rily stopping until a home or shelter for the winter can be found. We are, however, astonished to see several squatting [illegible] in the public streets, with their teams [illegible] looking rather seedy and dirty, when by going a half mile or so out in the [illegible] much more comfortable and convenient camping grounds could be found, and a better opportunity afforded for cleaning up. The fir and cedar trees just back of town [illegible] very comfortable shelter from the [illegible], besides being pleasant, healthy and [illegible] more preferable than the filthy, [illegible] and muddy streets of the city.

[illegible].—The Portland Academy and [illegible] Seminary was again opened on Tuesday last, Prof. Kingsly acting as Principal for a short time or until a Mr. Blain arrives, who we learn is to take charge. The building has been neatly repaired and comfortably fitted up, grounds graded, and generally improved, rendering the Academy both agreeable and attractive. A fair number of scholars, [illegible] young ladies, are in attendance.

SEWING MACHINES

ARE UNEQUALLED BY ANY FOR

BEAUTY AND SIMPLICITY OF CONSTRUCTION

—AND—

Efficiency in Working.

A GOOD SEWING MACHINE

SHOULD BE WELL MADE, simple in its construction, and easily kept in order, should make a tight stitch, alike on both sides of the material, and should sew any and all materials that can be sewed.

It should be able to use cotton, thread, or silk directly from the spool, and to sew from coarse to fine, and from thick to thin, with rapidity, and without changing the tension. It should also be able to make the tension tighter or less, on both the under and upper threads, and with uniformity; and should have a straight needle; curved ones being liable to break.

The needle should have perpendicular motion—this is absolutely necessary for heavy work.

It should be able to bind with a binder, hem with a hemmer, should stitch, fell, run and gather; and should be always ready to work.

It should be capable of using the same size thread on both sides of the work, and of using different colored thread or silk above and below, to correspond with any two colors of cloth to be united.

It should be able to make a long or short stitch, and to fasten off the seam and commence sewing tightly at the first stitch, and to run easily, and make but little noise.

It should have a wheel-feed; no others are in constant contact with the work.

It should not be liable to get out of order; neither should it require a screw-driver or wrench to set the needle.

It should not be liable to oil the operator's dress.

It should not form a ridge on the under side, or ravel.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oil and herbs. It is perfectly safe for the most delicate to use. In most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhea, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe the gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

Death of Gen I I Stevens

A correspondent of the New York *Tribune* in describing the battles which took place near Fairfax and Centreville, on the first of September last, has the following relative to the death of Gen Stevens, late of Washington Territory, who fell in the battle of Chantilly

WASHINGTON Sept 5—The same hour that Gen Stevens was killed in battle a number of prominent gentlemen filling influential positions, were in consultation in this city and in other parts of the country, with a view of having him assigned to the command of the Army of Virginia Successive manifestations of incapacity during a year of war have induced thinking men to cast about for a leader These gentlemen had fixed upon Gen Isaac I Stevens as the man His splendid conduct in the battles of Friday and Saturday had just attracted attention to him It was remembered that in pure capacity he had always been first having taken the honors at West Point with scarcely an effort, and though old political enemies, these men resolved to ask that he be given a leading command—while they were consulting he led on his men and fell

The importance of the engagement of Monday night, which lost to country Kearney and Stevens, has not been generally understood The truth is, it was not a mere episode made noteworthy by the death of two such leaders but a crisis, where nothing but decision and sacrifice on the part of those leaders availed to prevent disaster.

The army was retreating from Centreville The battle was fought against a rebel force that had penetrated five miles nearer Washington than our rear, and was moving to strike upon the flank Gen Stevens' division, the advance of Reno's corps, was on the left of the road taken by the trains, and intercepted the enemy He saw that the rebels must be beaten back at once, or during the night they would stampede the wagons, and probably so disconcert our retreat that the last divisions would fall a prey to their main force He decided to attack immediately, at the same time sending back for supplies Having made his dispositions, he led the attack on foot, at the head of the Seventy ninth (Highlanders) Soon meeting a withering fire, and the Color Sergeant, Sandy Campbell, a grizzled old Scotchman, being wounded, they faltered One of the color guard took up the flag, when the General snatched it from him The wounded Highlander at his feet cried, "For God's sake, General, don't *you* take the colors, they'll shoot you if you do!" The answer was, "Give me the colors! If they don't follow now, they never will," and he sprang forward, crying, "We are all Highlanders, follow, Highlanders, forward *my* Highlanders!" The Highlanders did follow their Scottish chief, but while sweeping forward a ball struck him on his right temple He died instantly An hour afterwards, when taken up his hands were still clenched around the flag-staff

A moment after seizing the colors, his son Capt Hazzard Stevens, fell wounded, and cried to his father that he was hurt With but a glance back, that Roman father said "I can't attend to you now, Hazzard, Corporal Thompson, see to my boy"

The language I have given as Gen Stevens was taken down on the field by a member of his staff. He has often remarked that if it were his fate to fall in battle, he hoped he should be shot through the temple and die instantly

Of all diseases the first great cause,
Springs from neglect of Nature's laws

To the Afflicted.

Sufficient when a cure is guaranteed in all stages of secret diseases Self-Abuse Nervous Debility Syphilis in all its stages Stricture Gleet Gravel Diabetis, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes Ulcers upon the Body or Limbs, Cancers Dyspepsia Epileptic Fits St Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling Loss of Memory Loss of Power, General Weakness Dimness of Vision with peculiar spots appearing before the eyes Loss of Sight Wakefulness, Dyspepsia Liver Diseases Eruptions upon the Face Pains in the Back and Head Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated however long standing or obstinate the case recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment Even after the disease has baffled the skill of eminent physicians and resisted all their means of cure The medicines prescribed are pleasant without odor entirely vegetable causing no sickness and free from mercury or balsam During fifteen years of practice in Europe the Atlantic States and California. I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure. Private diseases are the greatest enemies to health as they are the first cause of consumption scrofula, and many other diseases and should be a terror to the human family A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons who not only fail to cure the disease but ruin the constitution filling the system with mercury which with the disease hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily and the victim marries the disease is entailed upon the children, who are born with feeble constitutions and the current of life corrupted by a virus which betrays itself in scrofula tetter ulcers eruptions and other affections of the skin eyes, throat and lungs entailing upon them a brief existence of suffering and consigning them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system rapidly wastes away the energies of life causes mental derangement prevents the proper development of the system disqualifies for marriage, society business, and all earthly happiness, and leaves the sufferer wrecked in body and mind predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected and with the abandonment of ruinous practices my patients can be restored to robust vigorous health

Irregularities, and all diseases of males and females treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures—Medicines with full directions sent to any part of the State, Oregon and Washington Territory by patients communicating their symptoms by letter

All business correspondence strictly confidential Address DR L J CZAPKAY Medical Institute Sacramento street, below Montgomery opposite Pacific Mail Company's Office, San Francisco

Remarkable Instance of Medical Relief

Below we publish the certificates of three of the sufferers from the pangs of disease who having recovered their former health, and impelled by gratitude make known their cases and remedial agent and their statements are authenticated by a Notary Public The demands these certificates imperiously command their publicity and we claim and their perusal to the attention of all afflicted

Certificate—The undersigned desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their sufferings may be obtained feels it his duty to thus publicly express his most sincere gratitude to Dr L J Czapkay for the astonishing recovery of his health Broken down by the distressing symptoms incident to the vicious practices of uncontrolled [illegible] youth [illegible] to body and mind [illegible] upon even the most trifling of the ordinary avocations of life I sought the advice of many physicians who attached [illegible] my disease but [illegible] after a [illegible] treatment I found to my [illegible] that instead of relief my [illegible] mind [illegible] and [illegible] that my disease [illegible] would be of little consequence [illegible] of ever regaining my health [illegible] and as a last resort and with but a faint hope called upon Dr Czapkay who after examining my case prescribed some medicines which almost instantly relieved me of the dull pain and dizziness in my head [illegible] a new life [illegible] which [illegible] With [illegible] to offer this testimony of the [illegible] skill of Dr Czapkay [illegible] B F HILLMORE

Thankfulness is the incentive to gratitude.

CERTIFICATE—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves commendation not only as an act of scientific skill but that of humanity also About two years ago, I suddenly and from causes unknown to me, was seized with a fit of epilepsy, which owing to my inability to [illegible] its consequent upon a thorough medical treatment and the discouragement which I met with on attempting it, soon became such that I was then led to believe as to defy the skill of any physician I was frequently while in [illegible] thrown [illegible] and although insensible to the [illegible] I [illegible] despised the miseries of my life [illegible] those who would render assistance or shelter [illegible] endeavor to prolong the existence of my miseries. While in this state and having [illegible] visited the [illegible] I once more [illegible] seeking aid of [illegible] physician and [illegible] called upon Dr L J Czapkay I told him my circumstances, and of my inability to reward him for his services regardless of which however he at once undertook my case, and with the blessing of God I was once more restored to perfect health Unable to reward him for the [illegible] I enjoy at present and yet conscious of my [illegible] I consider it due for myself and all afflicted to make the case public, in order that they in need of medical advice may find a physician in whom every confidence can be placed.
